

Tips for Travellers

Before they visit a new country tourists should find out as much as they can about the places they are going to be seeing. For example, if they know what weather to expect, they will take suitable clothes. Also, if they know when the shops are open, they will avoid embarrassing situations. In addition, if they know when the shops are open, they will avoid the disappointment of missing out. These tips should help to make a stay in a foreign country more enjoyable and less frustrating.
